The inclement weather over the past few months is the main cause of the many potholes on the roads around the village, it is also preventing the road improvement project for the village from getting underway. We are assured that this project will still go ahead at the beginning of the new financial year.

The Parish Council has, in conjunction with the local PCSO’s, held a security awareness and crime prevention meeting on the 28th February in the Community Centre. A further crime prevention meeting will be held at 2.00 p.m. on the 9th April 2020, again at the Community Centre. Crime Prevention Officer John Shillito will be demonstrating security measures that residents can undertake.

You will notice the speed awareness sign has again been placed on High Hazel Road, this, combined with the radar gun, which makes its appearance at random times, is a deterrent to speeding motorists.

We continue to hold litter picks on the first Saturday in the month, starting at 9.00 a.m. from the Community Centre. I would like to offer my thanks to everyone for giving up their time, on a Saturday morning, for this thankless task.

We are also witnessing an increase in 4x4 vehicles off-roading around the village, not only is it damaging grasses areas, we are concerned that they may not be taxed or insured when they do go on the road.

Since the last newsletter the Parish Council have co-opted three new Parish Councillors which returns the Parish Council to its full quota, the new Councillors are Eve Levin, Les Pickford and Shaun MacKie. I am sure that they will all add to the Parish Council once they become established.

T.W. Adair
Chairman.

Corona Virus (Covid-19)

COVID-19 is a new illness that can affect your lungs and airways. It’s caused by a virus called coronavirus.

Symptoms of coronavirus
The symptoms of coronavirus are:
♦ a cough
♦ a high temperature
♦ shortness of breath

But these symptoms do not necessarily mean you have the illness. The symptoms are similar to other illnesses that are much more common, such as cold and flu.

How coronavirus is spread
Because it’s a new illness, we do not know exactly how coronavirus spreads from person to person. Similar viruses are spread in cough droplets.

How to avoid catching or spreading coronavirus
Do:
♦ wash your hands with soap and water often – do this for at least 20 seconds
♦ always wash your hands when you get home or into work
♦ use hand sanitiser gel if soap and water are not available
♦ cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
♦ put used tissues in the bin straight away and wash your hands afterwards
♦ try to avoid close contact with people who are unwell

Check if you need medical help
NHS 111 has an online coronavirus service that can tell you if you need medical help and advise you what to do. https://111.nhs.uk/covid-19

Use this service if:
♦ you think you might have coronavirus
♦ in the last 14 days you've been to a country or area with a high risk of coronavirus – see our coronavirus advice for travellers
♦ you've been in close contact with someone with coronavirus

Care Navigation
Our receptionists are her to help you see the right person for your needs. Please don’t be offended if they ask what the problem is when you call to make an appointment. The receptionist might suggest that you see someone else who can help you better such as, IAPT (Mental Health Services), Self-care pharmacy, Sexual
Health, Physio first, Stop smoking, Midwife, ANP (Advanced Nurse Practitioner). For further details visit [www.rotherhamccg.nhs.uk/care-navigation-2.htm](http://www.rotherhamccg.nhs.uk/care-navigation-2.htm) to find out more about the full range of services available locally.

**Patient Participation Group**
A PPG is made up of patients and practice staff who communicate at regular intervals to consider ways of making a positive contribution to the services and facilities offered by their practice to patients. If you would like to get involved or would like your ideas passed to the group, please contact John Swift who is the chair for the group on 0114 2696992 alternatively please contact Treeton Medical Centre and speak to the practice manager. All suggestions/ideas will be reviewed; this is only for PPG suggestions NOT for complaints or enquires.

**The Carers Resilience Service team**
The Carers Resilience Service team, who facilitate the carer drop-ins, can provide information and signposting on the support and resources available to help carers in Rotherham. For more information please call 01709 360272 and ask to speak with one of the Carers Resilience Team or pop along to Treeton Medical Centre during one of our drop-in sessions.

**Zero Tolerance**
The surgery operates a zero-tolerance procedure in conjunction with NHS England and South Yorkshire Police. The Practice will not tolerate patients who are violent, abusive or use foul language to staff and ancillary staff. Action will be taken against anyone found to have used any of the afore mentioned forms of unacceptable behaviour. This also applies to electronic media behaviour such as emails, face book and twitter. Any proven threats made against the practice and its staff will be forwarded to the police.

**Chronic Disease Reviews**
If you are due for your annual review for Diabetes, Hypertension, COPD, Asthma or CHD, please contact the surgery to book an appointment with the Nurse. The practice has a duty of care to ensure all patients who are on chronic disease registers i.e.: Asthma, are reviewed.

**Update contact details**
Please update your contact details if they have changed, this will enable the practice to contact you for routine or urgent matters. If you have a mobile phone could you please let the surgery know, this will enable the practice the facility to be able to send an appointment text reminder to you.

Advice for Landowners

Land managers, occupiers or owners of private property are responsible for clearing and disposing of any fly-tipping found on private land. Local councils will not normally clear rubbish dumped on private land free of charge but they may investigate such incidents and where appropriate take enforcement action. The Environment Agency investigates the larger (more than a tipper load), organized (linked to criminal business practices), or hazardous (waste over 75L which have the potential to damage the environment) incidents of illegal dumping on public land.

Regardless of whether fly-tipping is found on public or private land you should always report it to the relevant local authority – it may be that the culprit can be found or linked to other incidents.

What to do with fly-tipped waste on your land

1) Exercise caution. Some fly-tipped waste can be hazardous. Do not open bags or drums and be aware that piles of soil may be contaminated or hide dangerous material.
2) Record as many details as possible about the waste and when you found it. If possible take a photograph of the waste.
3) Report the incident – do not move the waste or remove any evidence from it until the authorities have been notified.
4) Secure the waste so that it cannot be interfered with or added to.
5) Remember that fly-tippers are doing something illegal – they are unlikely to welcome people observing them. Do not put yourself at risk – if fly-tipping is in progress, call 999.
6) When arranging for disposal, ensure that you use a registered waste carrier, as if it is dumped elsewhere you could be held responsible and face an unlimited fine.
7) Ensure that you get documentation which includes the details of the waste and who is taking it away.
8) If you take the waste to a licensed waste site yourself, make sure you are registered as a waste carrier.
9) If the waste is hazardous then make sure that it is being carried and disposed of by those licensed to deal with hazardous waste.
10) Keep full details of your clearance and disposal costs. Successful prosecution can mean that your costs incurred for the removal of the waste can also be recovered.

Protect your land from the illegal dumping of rubbish by:

1) Restricting access to your land by installing gates or physical barriers (strategically placed earth bunds, tree trunks, boulders etc.) to prevent access to the land ideally in keeping with the natural environment. Make sure that when erecting any form of barrier you are not permanently blocking a public right of way.
2) Make sure gates are closed and, if possible, locked when not in use.
3) Improving visibility so that fly-tippers are not hidden from view. Fly-tippers prefer to commit their crimes out of sight.
4) Install or improve lighting if possible.
5) Consider placing appropriate deterrent signage and CCTV cameras.
6) Swiftly clear any waste that is dumped to remove any encouragement for others to add to it.

Further information on how to prevent fly-tipping and the Fly-tipping Partnership Framework can be found on the NFTPG website.

The Community Centre continues to go from strength to strength. Together with private bookings there are a number of events each day which are available to the residents of the village. To the right is a comprehensive list of these events.

If you need any further information or assistance please contact Terry Adair on 07886 520586 or visit him at the Centre and have a look at the facilities on offer for yourself.
Police Surgery

Residents are invited to attend this drop in session which is held every Thursday between 10.15 a.m. and 11.30 a.m. Residents can have a coffee and discuss any problems relating to housing, anti-social behaviour, crime and the environment. The Police and a Councillor are usually in attendance at these sessions.

If anyone has a matter they wish to discuss in private, please make this know to the person or group that you wish to see on your arrival.
